# CITIZENS VOTE TO BUILD NEW HIGH SCHOOL

The issue of whether or not to build a new high school in Springfield has been a major concern of the city's citizens for over a decade. However, in December, 1982, the voters voiced their opinion in a special referendum vote. As a result, Springfield will open the doors to a combined Classical/Technical High School in September, 1986.

GRENIER'S: THE FAMILY OF PHOTOGRAPHERS

# DEDICATION

Traditionally, the annual edition of THE TIGER is dedicated to those faculty members who have retired. This year's book is dedicated to two fine gentlemen who served the city of Springfield and Technical High School well.

Mr. Edward Mason, Head of the Physical Education Department, retired during the summer of 1984. A native of Pittsburg, Pennsylvania, he came to Massachusetts and graduated from Agawam High School in 1942. At Agawam, he was an outstanding athlete. He was named All Western Mass. in Football and Baseball (catcher). Mr. Mason went on to college football at Villanova before serving in action in the Pacific during World War II. He returned to play quarterback at Springfield College, where coach Ossie Solem said, "He was the finest football player I have ever coached." While at Springfield, he also was a wrestling champion. Mr. Mason received his degree in 1950, and he also received a Masters Degree from Springfield in 1960. From 1950 until 1959, the West Springfield Schools had the pleasure of having Mr. Mason as part of its system. While there, he coached several Western Mass. Championship Football teams. In 1957, his team competed in the Peanut Bowl in Georgia. In September, 1959 Mr. Mason became part of the Springfield School System. He was assigned to Technical High School, where he remained for 25 years.

Mr. Mason has spent much of his time with his very close knit family. The Masons own and operate a summer camp for children, The Whately Day Camp. Mr. Mason also spends much time on his hobby of building and repairing with wood and metal. When he owned the historic Whately Inn, he completely restored the structure with wood from trees that he cut down from his Whately property. He sawed the trees into lumber with his saw mill, which he built on his property. He presently is building a home on property at his camp. He is enjoying his busy retirement with his hobbies, his wife, Mary, his five sons and his grandchildren.

Mr. Mason is fondly remembered by his colleagues and by his former students as a warm, humorous and direct gentleman. We admired him while he was here, and, though we miss him very much, we wish him God speed.

Mr. Frank Thornton, a member of our English Department, retired in September, 1984. Born in Holyoke, he graduated from Holyoke High School. A veteran, Mr. Thornton served in the Army (ours) in World War II for three and a half years. He was part of the combat action in the European Theater of Operations. Mr. Thornton returned to the U.S. and continued his education at Antioch College in Yellow Springs, Ohio, where he received a Bachelor of Arts degree. A Masters degree was obtained at Westfield State College. Mr. Thornton often stated that his best friend was Adolf Hitler, without whom he could never have gone to college. (This refers to the Educational Benefits available to our Veterans through the G.I. Bill.)

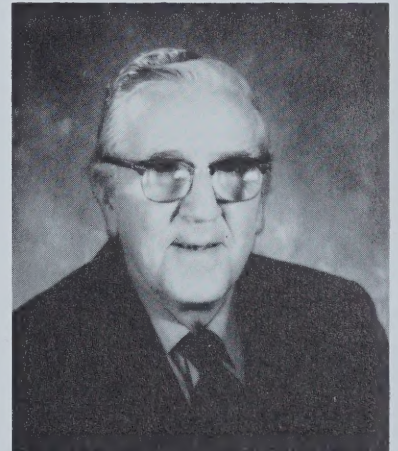

Mr. Thornton's interest was in the field of Journalism. He held positions with the National Enquirer, with a Chicago based paper where he was a Police Reporter, and with the United States Armed Forces in Public Relations for Network Radio in Vienna, Austria.

Employed by the Springfield School System for twenty-three years, he taught at several schools before joining Tech's English Department for eighteen years. Mr. Thornton also held a position in Public Relations at the School Department's Central Office.

Everyone's PAL, Mr. Thornton will be remembered for his instantaneous wit and his anecdotes to fit any situation. He is enjoying his retirement and is pleased to have the opportunity to catch up on his hobby of collecting autographs and rare stamps. In December, 1984 when he dropped in for a visit, a student asked if he missed Tech. Mr. Thornton responded with approximately 30 seconds of his typical, uncontrollable laughter. Finally, he stopped, thought for a moment, and said, "Yes, I actually do!"

Well, we miss you too, Thunder!

May your retirement continue to be a happy one!

# JUNIOR NATIONAL HONOR SOCIETY

Patricia Wilkerson, a student at Technical High School, was the only Junior to qualify as a member of the National Honor Society. To become a member, a College Preparatory student must have a grade point average of 3.15 or above. Patricia holds an average of 3.75. T1 and T2 Students must have a grade point average of at least 2.8 and 2.45 respectively.

Patricia has been a member of Mathletes during her Sophomore and Junior years and plans to maintain membership during her Senior year. Outside of school she is an Assistant Vice President of Finance in Junior Achievement.

Pat plans to attend a four-year college and then pursue graduate

studies. The fields which hold her interest are Zoology and Veterinarian Science. She is interested in these fields because she loves animals and sciences.

May your dreams come true, Patricia. We hope that you will be a member of the Senior National Honor Society.

# THEIR DONATIONS SAVED LIVES

On Wednesday, January 30, 1985, the Technical High School Student Council sponsored a Bloodmobile. A total of 95 pints was collected, coming very close to their goal of 106 pints. The Council also expressed gratitude to the 42 students who wanted to donate blood, but were rejected because of high temperatures, low iron or low blood pressure. Special thanks to Mr. Figueredo, Ms. Hallen, and Mrs. Rannenber, the three adults who donated.

## ROTC 1984-85

On September 5, 1984, the ROTC started its 16th year at Technical High School. The ROTC started its second year of open enrollment with 40 students from Classical High School, 12 from the High School of Commerce, and 180 Tech students for a total enrollment of 232.

This year's program started without an old familiar face. Col. William Potter retired in June, 1984 after 12 years of outstanding service.

Major Cyrus J. Merritt, a veteran of 21 years of military service, assumed the position of Air Science Instructor. Major Merritt comes to Tech as a veteran ROTC Instructor with previous service at Newburgh Free Academy, Newburgh, New York from 1976-79, and from Island Trees High School, Long Island, New York where he served from 1980-82.

Major Merritt's military career spans 21 years of active duty. He served as a navigator from 1954-70, performing duties on board Cargo, Air Refueling, and Fighter Air Craft. He also served as a Weapons Systems Officer on board RF4C Air Craft in Viet Nam. While in Viet Nam, the Major was assigned to Headquarters 7th Air Force from 1967-68.

The ROTC, as usual, had an ambitious program planned for the school year.

On the weekend of the 22 of September, 40 cadets, along with Major Merritt and Chief Palmer, traveled to West Point, New York for a weekend of Leadership Training and Visitation of the U.S. Military Academy. The cadets stayed at the 5-Star Hotel at Stewart Field, Newburgh, New York. The cadets traveled to West Point on the Massachusetts National Guard Bus. They dined on Saturday and Sunday at the cadets' Dining Hall-Washington Hall, and experienced helicopter flights up the Hudson Valley.

On Sunday, 30 September, 190 cadets marched in their 1st parade of the year for Mayor Neal of Springfield - the Hungry Hill Parade.

On 7 of October, 200 cadets proudly marched down the Main Street of Springfield in the Columbus Day Parade.

On 30 of October, we held our 10th Annual Family Night, which was attended by over 200 family members and guests. The young cadets had the opportunity to present their families and friends to the Assistant Superintendent of Schools, the Principals from Technical High School, Classical High School, and the High School of Commerce, and the ROTC Instructors. The program, which lasted an hour and a half, was used for the instructors to brief the parents on what the ROTC program is about.

On 11 of November, 180 proud cadets led the Springfield Veterans' Day Parade Ceremonies, proudly marching through the torrential rain. After the parade, Chief Palmer and the Blue Bengals (male drill team-with Rifles) attended the first Veterans' Day Luncheon at the Springfield Civic Center Exhibition Hall. The luncheon was attended by over 600 guests. This was the first luncheon sponsored by the U.S. Postal Service, honoring the Veterans of America. The Blue Bengals performed much to the delight of the guests.

On 18 of November, on a cold blustery Saturday, 160 cadets led the Peach Basket- Basketball Hall of Fame- Parade down Main Street.

On 19 of November, the ROTC Color Guard presented the Colors before the NBA Basketball Game at the Civic Center. The 5,000 spectators gave arousing applause.

On 26th of November, received a letter of appreciation from the office of the Mayor of Springfield for the ROTC's participation in the dedication ceremonies for Omiskanoagwiak at Forest Park on November 18th. Our unit presented the Colors.

The day after Thanksgiving (25 November), 80 cadets proudly participated in the 2nd Annual Balloon Parade. The cadets met the Chief at 5am and participated in the inflating of the gigantic Macy Parade-type Balloons. At 9am, several gigantic balloons were skillfully manipulated around street lights, stop lights, and under the Bay State West overpass to the delight of the large crowd. The highlight of the parade was the gigantic Elephant getting stuck underneath the overpass. After frantic efforts, much to the delight of the crowd, the bulky elephant finally slipped through the underpass.

On 8th of December, the Drill Teams traveled to Tiverton, Rhode Island and participated in the 1st New England Regional Invitation Meet. The Male Drill Team with Rifles, the Blue Bengals, as usual, took 1st place. The Female Drill Team with Rifles, the Brandy Flames, and the Female Drill Team without Rifles, the Blue Angels, took 3rd place respectively. Major Sigfredo Chiclana took 3rd place in the Male IDR.

On Friday evening, 11th of January 1985, the 11th Annual Military Ball was held at the Westover AFB Club. Two hundred cadets and guests had a splendid evening. The ball was attended by special guests: Superintendent of schools, and the Principals from Technical High School, Classical High School, and the High School of Commerce. Miss Military Ball and her court were: Myra Sanders, Tanya Gavin, and Kelly Gavin, all from Classical.

On 19th of January, 1985, the Drill Teams traveled to Madison Park High School in Boston, Massachusetts and participated in the 2nd Invitational Meet. The Male Drill Team, the Blue Bengals under the leadership of Major Michael Maldonado, took 1st place, as usual. The Female Drill Team without Rifles, under the leadership of Major Danita Hargrove, were super. These Blue Angels consist of 7 freshman, 1 junior, and Danita. They performed near perfect. The Co-Ed Drill Team, the Blue Eagles, Under the leadership of Juan Gonzalez, won 1st place in the event. This is a new team and had been practicing only 10 days. It has 6 male and 6 female members.

On 1st of February, 1985, at 1:45 p.m. in the Technical High School Gymnasium, the change of Command Ceremonies for the school year were held. Major Michael Maldonado assumed the Group Commander's position from Victor Villafane. Major Victor Villafane was reassigned to duties of Chief of Staff of the ROTC. At the ceremonies, the Outstanding Cadets Awards for the 3rd marking period were presented to Robbin Jones, Richard Thomas, and Rose Watson. The key Officer and NCO personnel were promoted. Richard Thomas assumed the prestigious position of group Sgt. Major. Honored parents and school officials were in attendance.

On 17th of February 1985, 40 cadets, accompanied by Chief Palmer and Mr. Dutkiewicz invaded the nation's Capital on their Annual Washington Encampment. The week was spent visiting historical sites, touring the White House, and placing a wreath on the Tomb of the Unknown Soldier.

On 2nd of March 1985, the New England Regional 1985 Drill Team Championships were held in Billerica, Massachusetts.

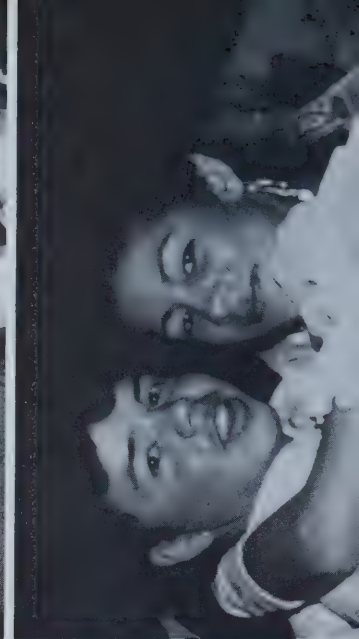

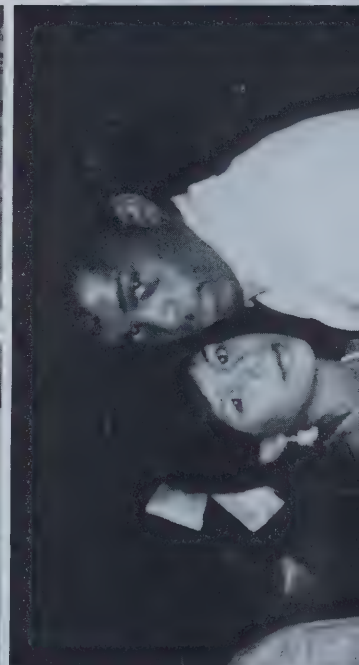

On Sunday, 17th of March 1985, 150 cadets marched the 2 ½ mile St. Patrick's Day Parade before over 200,000 cheering spectators. For the 12th time, the ROTC has participated in the ceremonies in Holyoke, Massachusetts.

On the first week of April, 125 cadets, under the leadership of Major Merritt and Chief Palmer spent a week at McGuire Air Force Base, New Jersey on their Annual McGuire Encampment. The cadets experienced a week of active Air Force duty. They received on-site briefings and orientation flights in the C141 Air Craft. During the encampment, the cadet officers and NCO's were provided an opportunity to put their leadership instructions into service. In other words, the encampment was led and supervised by the cadet officers and NCO's.

On the 13th of May 1985, the 14th Annual ROTC Graduation Exercises were held in the Technical High School Auditorium. The largest Senior Class in the last 7 years graduated.

# WARNER ACHIEVEMENT

The Charles F. Warner Achievement Medal is awarded each year to the senior girl and boy who exemplify the highest achievement in school citizenship, service, scholarship and character. The award has been presented annually since 1927 in honor of the first Principal of Technical High School.

DANITA HARGROVE is the female recipient of this honor. The daughter of Mrs. Rose A. Stoner of 7 Lillian Street and Mr. Gamaliel Hargrove, Danita ranks seventh in the class of 210 members. Danita was a very active member of our student body. A three year member of ROTC, she was in its Drill Team for three years, served as a Commander for two years, as a Female Commander for a year, and as an Operation Officer for three years. She also was a two year member of Student Council at which time she participated in the Toys for Tots Campaign. Danita also served as Secretary of the Senior Class and as Corresponding Secretary for Student Council.

Danita has been accepted at the University of Massachusetts. Her plan is to major in Computer Engineering.

BRIAN BOULAY is the male Warner Medal recipient. The son of Mrs. Joanne S. Boulay of 150 Woodlawn Street and Mr. Victor Boulay, Brian ranks sixth in the Class of 1985. While at Tech, Brian participated in many activities and received numerous awards. Brian was a two year member of the National Honor Society, as well as a member of Student Council. He served his Class as Treasurer in both his Junior and Senior years. During that same time frame, Brian served as a Student Representative to the School Committee and a Regional Representative for the Student Advisory Council. A three year member of Mathletes, Brian also was a member of Junior Achievement in grades 10 and 11 and took part in the Junior Leadership Institute at Western New England College during his Junior Year. This year he won first place in an essay contest sponsored by the Veterans of Foreign Wars. During the school year, Brian worked about ten hours a week at Parker Drug Store.

Brian has been accepted at Norwich University. He will major in Engineering.

The Students and Staff of Technical High School extend congratulations to Danita and to Brian as the 1985 winners of this great honor.

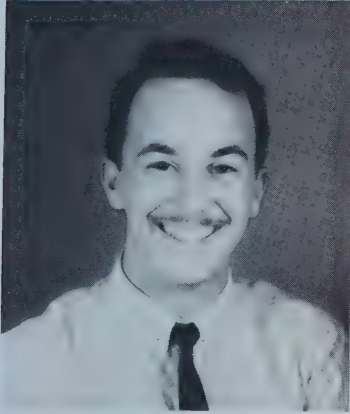

# NATIONAL HONOR SOCIETY

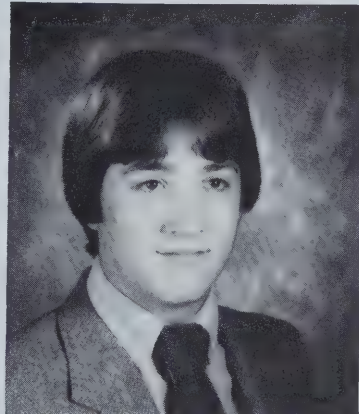

The Technical High School Chapter of the National Honor Society was chartered in 1959, succeeding the former Pro Merito Society. Membership is based on scholarship and character. Since grades are cumulative, the average for the year determines eligibility.

The advantage of belonging to the National Honor Society is the opportunity to win scholarship for college through competitive examination.

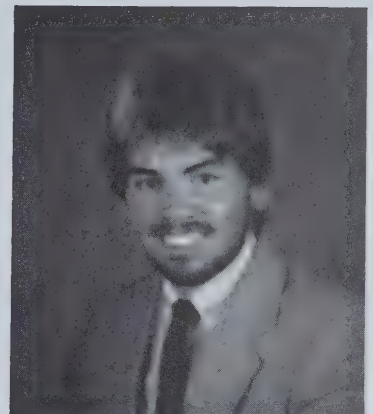

Three year Honor members are awarded a certificate, a pin, and a gold tassel to wear on their caps at graduation.

# THE LAST WILL AND TESTAMENT OF THE GRADUATING CLASS OF TECHNICAL HIGH SCHOOL IN THE YEAR OF OUR LORD, NINETEEN HUNDRED AND EIGHT-FIVE:

TOM AIKEN leaves Mr. Erikson a collection of the latest narrow fashion ties.

CARMEN ANDINO leaves saying good luck to Kearun Smith and Juan Echols and to all the incoming seniors.

YVONNE ARRINGTON leaves the Spirit of '85 with the Class of '86.

EARL BAIDY leaves Mrs. Howard hoping that she'll never have another second period like ours.

DENISE BANKS leaves Mrs. Howard still fussing at everyone in the Class of '86.

THERESA BARKER leaves Michelle wondering whether Mickey's mad at her.

TIMOTHY BELBIN leaves to Mrs. Howard the word "ain't" and a special thank you to Miss Cormack for all of her help in getting him on the right track.

BRIAN BOULAY leaves Mr. Snow saying, "Read my lips!"

DARLENE CAGE leaves Felicia Daniels still walking the hall every fourth period.

JUANITE CARABALLO leaves as Jay-Cee.

JOSE CORTEZ leaves his books to Enid Santiago.

JAIME COTTO leaves saying "I came to Tech liking Wanda Roque and am leaving Tech loving her."

CHARLES COVINGTON leaves Mr. Wallace saying "Calm down, CC" and Mr. Wright saying "Okay, people, let's see daylight through the halls."

JOHN CHAVIS leaves all the underclassmen his grades.

MIGUE CUADRADO leaves nothing.

RUSSELL DAILEY leaves Shaggy saying "Get on the other team, Dailey."

VIRGINIA D'ASCOLI leaves Mrs. Barend "all the thanks in the world".

CRAIG DAVIS leaves Diana Banner thinking.

MARK M. DESCOTEAUX leaves thanking Mr. Wright for letting him come back to Tech.

YVETTE DILLON leaves memories of singing in the girls room with Eleanor Burris.

PAUL DORN leaves Tech still without a white basketball player.

MIKE (CLYDE) DUCHESNE leaves earth for his home world Krypton where he will be placed in the Phantom Zone and to Dave Chamberlain his book on How to be Somewhat Human.

JAVIER ENRIQUEZ leaves Ruth Gonzalez a skipping diploma.

HARDRICK L. FOUNTAIN leaves Rodney being the best athlete that ever took part in sports at Tech.

LISA GADSDEN leaves Tech finally and with Sonja Brown in charge of the next senior class.

IRIS GONZALEZ leaves Sonia half of her memories and keeps the other half.

PETER HALL leaves Vincent Iennaco to laugh in peace.

RODNEY C. HARRIS leaves Hardrick being the best athlete that didn't take part in sports at Tech.

CHARLIE HOLMES leaves Mr. Wright saying "Let's see daylight in the halls."

MICHELLE JONES leaves Shawntell Waldon as the most popular girl in Tech's Class of '86.

RICHARD (too-tall) JONES leaves some of the football players saying "ouch" from all those good sticks in practice.

LISA LINCOLN leaves Mr. Singleton's favorite sayings.

ROBIN MARTIN leaves Tech finally and Mrs. Barend all the joy of missing Robin Martin and class mates of '85.

BENJAMIN MARTINEZ leaves the Class of '86 with nice memories and hoping the Class of '86 could be the best.

JOSE MARTINEZ leaves Mr. Howie Burns his bad language.

CLYDE TRAVON MAYFIELD leaves with his Jim Dandy theme saying "run that scoop, run that scoop, run it, run it!"

JOSEPH McIVER leaves Curtis Nelson still trying to find a lady friend to get acquainted with.

DARCIA MILNER leaves Tech with herself and the Wilson girls telling each other the latest.

MARK MORAN leaves Mrs. Giacomoni someone new to bother her periods 3 and 4.

CLIFFORD NASON leaves Tech, finally.

DAVID OCASIO leaves conquering all socialist ideas and concepts.

CLARICE POWELL leaves Martha Martinez her study habits and good attendance.

HERSCHELLE L. REAVES leaves Tech finally, and in style.

BENITO ROMAN leaves with the thought of what should be done to enrich our minds in many ways and looking at things in different ways.

LILLIAN ROSARIO leaves Technical High School saying, "Angie and Mildred, take over my route."

SANDERS N. ROSS, JR. leaves telling Charles Covington to show up at the Y.M.C.A. if he wants to play basketball.

JOAN MARIE SABOURIN leaves with fond memories of her four years at Technical High School.

DONALD SANDERSON leaves Kate ten pounds of M & M's for next year's shop class.

GLORIA SANTIAGO leave Gloria and Lucy the best clown of Class of '85.

MARIBEL SANTIAGO leaves with a message for Mrs. Gallagher thanking her for her help.

KEARUN SMITH leaves Mrs. Budd, Mr. Joyal and Mr. Wright saying she doesn't have a reputation for fighting. She has a reputation for defending herself.

MICHELLE SMITH leaves Angie Nesmith a year's supply of kleenex.

CASSANDRA STERLING leaves Mr. Wright her daily smile.

RICHARD SWITZER, JR., leaves Tech to stand for a long time to come even though it has one more year.

SCOTT THOMPSON leaves "Dimples D" to solve her own problems and C. Jones all his love to carry on the Class of '86.

TEINNA TROY leaves Mr. Wright being nice and sweet and Mrs. Howard to continue being a good English teacher.

ANGEL LUIS VALLE leaves Tech with lots of unforgettable memories and knowing that three of his best years were spent here at Tech.

NANCY VICENTE leaves Tech saying "I made it!"

LOUIS WALKER leaves Tech without Sho-Down.

LANCELOT V. WATSON leaves as a knight, always smiling, most of all, kind.

LINNETH WATSON leaves with Ramon

WAYNE WELLS leaves letting everybody know that he was here

LYNDA WENZEL leaves Peter Hall and Chris Bailey in advanced chemistry calling Mr. Cummings "Homeski".

STEVEN WILDE leaves Major Merritt saying "Report".

JOSEPH WILLIAMS leaves Curtis Nelson all blue light specials and his famous pair of billy bop jeans.

SUSAN YOUNG leaves Patricia Wilkerson to become a cheerleader.

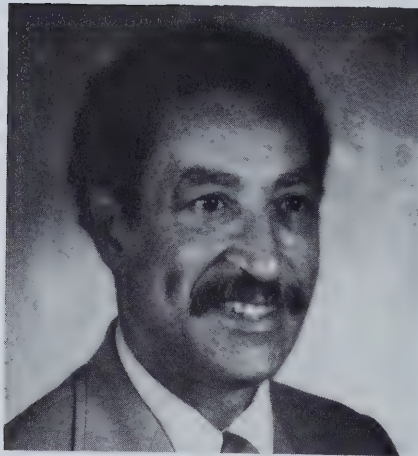

The Class of '85 leaves Tech with the best of luck in its short future.

# SLUGGERS AT SOFTBALL

The 1984 Softball Team, lead by Captains Christine Nadeau and Lillian Rosario, spent the season grooming newcomers for seasons to come. The Tigers' inexperience showed itself during the season. However, by season's end, the Tigers were beginning to make a little noise. Newcomer Zulma Morales found a home at second base, as did Kim Haywood and Renee Gilkes in the outfield. Hopefully, next year's team will show the efforts of the 1984 Tiger Softball Team.

## BURNS BELIEVES IN TIGER BASEBALL

The 1983-84 Edition of Tech's Baseball team finished with 3 wins and 11 losses. Despite its record, the Tigers were within striking distance of winning. Their victories were against Classical and West Springfield. Senior leadership was provided by Donald Davis, Jose Bellavista, and Jorge Martinez. Underclassmen who did an outstanding job include Curtis Nelson, Juan Caraballo, Isaac Caraballo and Fernando Chavez. Individual

honors went to Junior Isaac Caraballo who was selected to First Team All Western Mass. in Center Field. Isaac batted .400 for the season. The Junior Varsity Squad was led by Junior Tim Belbin who batted .400 for the season. With a good nucleus of the team returning, the outlook for the 1984-85 season looks bright.

# FOOTBALL TEAM FALTERS, BUT TALENT IS EVIDENT

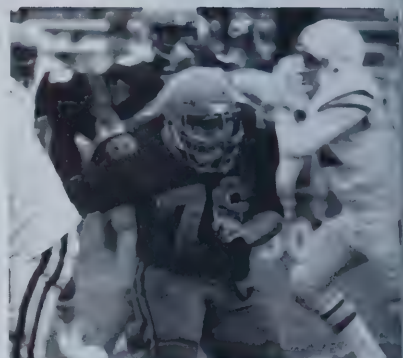

After compiling a 10-7 record over the last two years, the 1984 Tiger Football Team fell on hard times. The 2 wins and 5 loss record of the Tigers was not a true indication of some of the talent the team possessed. This year's team placed three of its members on the First Team All Kosior League. Those team members were Robbin Janes (Split End), Rod Harris (Defensive End), and Curtis Nelson (Defensive Halfback). Richard Jones was also selected to the Second Team All Kosior League as an Offensive Tackle. Other outstanding players were: David Jandzinski, Manny Baez and Marvin White on Offense, and Bryon McCormick, Lamonte Redd and Donald Ward on Defense

## TIGERS BREAK LOSING STREAK

### SOCCER

The Tech soccer team began the season without a victory in 5 long years. That losing streak came to a halt this year under first year head coach Gary Mindell. The team finished with 3 wins and 12 loses with a majority of the team being underclassmen. Donald Sanderson and Lance Watson were this year's co-captains. The lead scorer was Richard Stewart. Donald Sanderson was voted the teams most valuable player. Underclassmen making vital contributions this year include: Tony Ferreira, Chang Lee, Roy Foster, Ray Simmonds, Collin Harvey, and Neil

# CROSS COUNTRY COMPLETES 4-7SEASON

This year's Cross Country team compiled a record of 4 wins and 7 losses. Despite having only 7 members, the team did quite well against Division B opponents in the Pioneer Vally Interscholastic Athletic Conference. Led by Seniors Charles Covington and Joe Gingras, the Tigers were

## MEYERS' MATMEN MANEUVER MAGNIFICENTLY

Wrestling is considered by many as a crazy man's sport which requires a combination of intense physical training and highly skilled technique. Wrestling is not one of the more popular sports and gets little, if any, publicity.

The object of wrestling is to outscore the opponent. There are various moves to achieve this end: the escape, take-down, reverse, and pin. These moves can be done individually, or they can be combined. Points are awarded for the range of difficulty of a particular move.

Tech's team record is 8 wins, 4 losses. Comments Coach Meyers,

KNEELING: Co-captains Charles Covington and Ken Huddleston. ROW 2: Willie Pope, Juan Hernandez, Dwayne Baidy, Henry Fortes. STANDING: Jamie Torres, John Renaud, Tim Johnson, Marvin White, Reggie Whitley, Juan Espinosa, David Maylor, Liz Gust.

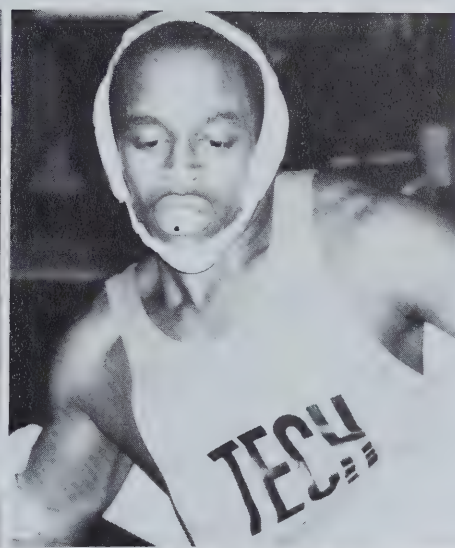

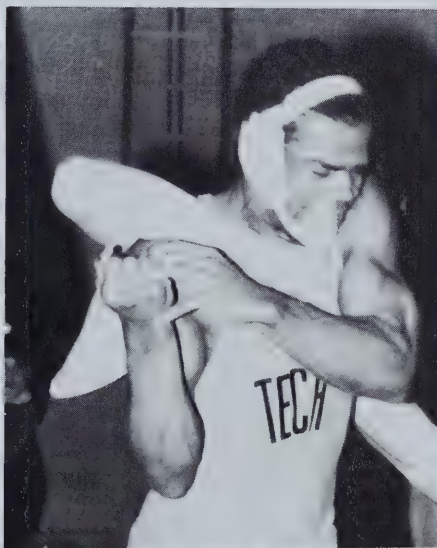

"Due to the lack of participation, all the positions were not filled. This put the team back 6 points in every match. However, the skill level of this team is as good, if not better,

than any I've seen at Tech. This year was relatively successful, although I felt that we had the potential to do better. I was impressed by the individual performances of Seniors Jamie Torres, Alvin Woods, Charles Covington and talented newcomer Gary Pollard; also, Junior Ken Huddleston, Sophomore Juan Hernandez and Frosh Dwayne Baidy and Rudolpho Espinosa. Next year we will lose 7 of 11 wrestlers, but we still will have an experienced team because of the promising JV team, under the capable supervision of Coach Scyokurka."

# THAT'S OUR BABY!

In September, grade 9 English Students in Fifth and Sixth period classes of Mrs. Susan Metzidakis read the novel *MOBY DICK*. The students became so interested in whales that Mrs. Metzidakis suggested that the classes adopt one. The students responded enthusiastically. The project took off and Mrs. Metzidakis wrote to Daniel Morast, Director of the I KARE program of the Whale Adoption Project in Woods Hole, Massachusetts. This organization uses the adoption money to preserve whales and to conduct research on whales. The students received a listing of names of all of the whales in the program. Mrs. Metzidakis ran a primary vote where all students selected a name from the listing. She then held a final vote session where students selected one name of the five most popular whales chosen from the primary voting session. The majority of the students selected the whale **LIGHTNING** for adoption. **LIGHTNING** is a hump-back whale who is a usual summer resident of the Stellwagon Bank of Cape Cod. **LIGHTNING** received his name because of a lightning-like scar on his dorsal fin. The students and Mrs. Metzidakis learned that all hump-back whales have an identifying "birth mark" on their tails. The project was sent money collected, and all who contributed to the adoption of **LIGHTNING** received a picture and a adoption paper.

A main goal of the whale adoption project is to make the whale a protected species under world-wide laws. By doing so, no country can slaughter them. Many countries used whale oils and fats for various products. Mrs. Metzidakis and her students are proud of their contribution, and they hope that someday they will be able to make the trip to meet their whale.

# THE EDUCATION OF MR. WRIGHT

During the Summer of 1984, Mr. Wright had the opportunity to visit India. He graciously has shared some of his experiences with us.

My trip to India was a fantastic experience and a wonderful opportunity to view, first hand, the culture and customs of a Third World country. The United States Department of Education awarded twelve participants in New England the Fullbright-Hayes Grant which covered expenses to and from India, as well as travel and living expenses within India, from July 4 to August 14, 1984. I was fortunate enough to have been chosen as one of the twelve participants by Bridgewater State College for the group project in India.

The main purpose of the program was to increase the proficiency of the participants to impart greater knowledge and understanding of other countries, especially of the Third World (using India as an example) to students and the larger community. This was achieved through a carefully planned Travel Study Program in India for six weeks. Two weeks were spent in visiting important sites in North and South India, and four weeks were spent primarily in Kerala, South India, engaged in academic and field work in association with several academic institutions in that area.

The travel pace was intense in that we had tours or lectures every day, including Saturdays and Sundays; yet, the six weeks went quickly, and we were never bored. We stayed in hotels throughout India and traveled by air, water, rail, or bus, covered with highlights of India and it's culture.

Participants in this program received two three-credit Graduate courses, which were taught by Dr. Abraham V. Thomas.

In response to your question of whether I would like to go again---definitely, yes! In fact, I do plan to visit India again, although I am sure that next time it will be at my own personal expense.

(The following are excerpts from Mr. Wright's personal log)

July 4th

It seems that all of India is up at this time of the morning. I will never forget the scene as we left the airport: the strange but not unpleasant odor, the dry air, the friendliness of the people, and the strange dress of the natives. On the way to the hotel we observed many people sleeping in the streets. After unpacking at the hotel I was too excited to sleep, so I grabbed my camera and walked downtown with my roommate, Dyer Moss. We were immediately besieged by venders and beggars.

July 5th

Woke up at 5 A.M., showered and had breakfast at 7 A.M., I feel o.k. so far. I walked out of the hotel and got quite a surprise. I noticed the contrast in living styles between the inside of the hotel and out in the streets. Across the street, less than 15 yards from the hotel, were people sleeping on tree belts, in wagons and on window ledges. It almost makes one feel guilty.

The morning tour of New Delhi was fascinating. The beautiful architecture, the landscape and the people. Everyone on the trip, from my observation, had at least a roll of film. The people were most interesting. We were awed by the beggars, venders, and wall to wall poverty everywhere.

In the afternoon we toured Old Delhi. To say the least, it was some contrast from New Delhi.

July 7th

Visited the USEFI Office for a speech on Indian culture and tour of the largest city that we have seen in India so far. For the most part the city was filled with poverty, slums and filth everywhere. It seems that even when we do visit a person in a middle class home we have to go through the slums to get there. I pray for the future development of India, but, at present it seems hopeless; too much poverty, too many homeless people. Where is the help? I am appalled at the indifference of the Indian people with means and security. Where is the foreign help? At this point I am just amazed at what I have seen in Calcutta. It is very depressing.

# HEY, WHAT EVER HAPPENED TO STEVE WYMAN?

Steve Wyman, a senior at Tech, has been taking freshman courses at Western New England College. This is his first year under this program. It gives special students an opportunity to achieve their highest academic abilities.

In Steven's case he had finished all the twelfth grade courses in eleventh grade and wished to further his education. He is majoring in Electrical Engineering. He says that college is a totally different thing than high school. He says that you have to stay on top of everything that is going on in class, because you can become lost if you don't. As for Steven, he feels that he is doing well in college, and can usually be found in the peace and quiet of the Western New England Library.

Even though Steven is not attending our school, he is still a part of it and is looking forward to graduating with his class in June. He also is thinking about transferring to UMASS for the fall. Good luck, Steve!

# ELIGIBILITY IN SPORTS AND EXTRA CURRICULAR ACTIVITIES

In order to participate in any extra-curricular activities, a student must achieve a "C" average or higher in all major subjects and must not be failing in any subject.

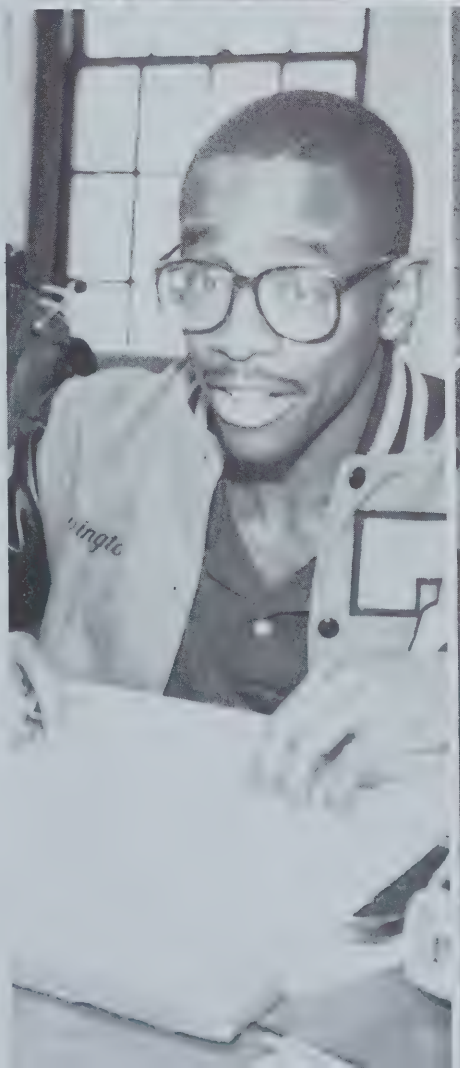

This new grading system took effect on December 6, 1984, the beginning of the third marking period. The purpose of this system is twofold. It will hopefully put an end to students graduating with grades below average, as well as create student awareness that schools are for academic awareness. Socializing is secondary.

Because of this system, several students were not able to participate in sports, drama clubs, mathletes, student council, and other group events until grades were raised. Several students changed to classes that they could handle in order to remain in these extra-curricular activities.

It is said that these extra-curricular activities caused poor grades. This, I feel is not true. There are students who do not participate in any activities, but still have poor grades.

Maintaining a "C" average is not that hard if a person tries. Some students try, while others do not. The students who try, but cannot maintain a "C" average, are given credit for their efforts if they pass. However, these students must resign themselves to the fact that activities and sports are out of their reach.

# UNITED EFFORT PROVIDES MANY BENEFITS

On March 15 and 16, 1984 at Symphony Hall combined talents from four high schools presented the Broadway hit musical HELLO DOLLY. Fifty-four student actors and 19 student musicians from Classical, Commerce, Putnam and Technical High Schools made up the production.

Taking part in HELLO DOLLY was like being in a big family. Everyone knew everyone else's name. There was a sense of togetherness when everyone knew each other's parts and all the songs. If a character wasn't present for rehearsal, someone else would fill in. Many of the members were sad that the show only lasted two days. Educationally, it was quite an experience. Aside from making many friends, I received a first hand look at how a musical is put together.

Dr. Raymond Beauregard, a mechanical drawing teacher at Tech, was in charge of the scenery and the stage crew, which was made up of students from the four high schools. The sets were made by the stage crew and members of the cast in Tech's Auditorium. Then after completion the sets were shipped to Symphony Hall where they were arranged for the show. The director of the production was Mr. Mark Todd, a music teacher at Classical. The assistant director was Ms. Patricia Keenan, Drama Advisor and English teacher at Classical. The rehearsal pianist was Heather Caulton, a 10th grade student at Classical. The Choreography was done by Lori Moquin of The Moquin School of Dance.

Many students gave up after school time and rearranged job schedules to make the many rehearsals. Through the hard work and long hours the production of HELLO DOLLY was a huge success.

# THE “WRIGHT” STUFF

Was there ever a time that you wanted to ask a person of authority some pretty tough questions, but you backed off because you didn't want to be known as a troublemaker?

Senior Yearbook Staff Member Lisa Lincoln approached our principal Mr. Wright, with some pretty heavy duty questions. Here are the results of the interview:

1). WHAT MADE YOU DECIDE TO BECOME A PRINCIPAL?

To begin with, one does not just decide to become a principal. You must prepare yourself to teach in a given discipline. Once that is done you assess your abilities and your aims and then, by taking the necessary courses, certify yourself at the chosen administrative level. You do not have to be crazy to be a principal in the 70's and 80's, but it helps. Seriously though, after taking the above preparatory steps, a person should set his aims, and simply go for it.

In my case the path to the principalship was not an easy one. There were several years spent in the classroom, a number of years as a high school counselor and a couple of summers as an administrator in a special summer school. I also spent about 4 summers attending college to obtain certification in both Guidance and Administration.

Then there was the application process. There was application after application put in various administrative jobs over a number of years before I got my first job as an acting assistant principal.

2). HOW DO YOU FEEL ABOUT BEING A PRINCIPAL OF A SCHOOL WITH A HIGH RATE OF ABSENTEEISM?

This is a rather difficult question to answer. Naturally, I am not pleased that we have a high rate of absenteeism. Yet, I would not want this to reflect on the entire student body. For indeed, a good portion of our school population has acceptable attendance patterns. Good school attendance is supposed to lead to good work ethics. Unfortunately, some youngsters cannot fathom what they are losing by their absence. I am sure that as they mature and start to face the real world, punctuality and proper attendance will become higher on their list of priorities.

In the meantime, whereas we are concerned and attempt to address the absenteeism problem, realistically our first obligation, as educators, is to serve those youngsters who come to school each day.

3). I UNDERSTAND THAT YOU HAVE NOT MISSED A DAY OF WORK IN 33 YEARS. HOW DID YOU MANAGE TO DO THAT?

I suppose that you might say that I have been blessed with good health. Secondly, it's part of my own personal work ethic to be available to those whom I am being paid to serve. This does not suggest that I am any more proficient than those who miss days due to illness or a variety of other bona-fide reasons. It just means that I do not get sick that often. In a subconscious manner I am sure that it is an indication that I like my work. I like working with people, particularly young people.

4). HAVE YOU EVER FELT LIKE TAKING A DAY OFF?

Certainly, but I usually assess my priorities and put my responsibility ahead of my own personal needs.

5). WERE THERE TIMES WHEN YOU WERE NOT FEELING WELL, YET YOU CAME TO SCHOOL ANYHOW?

In all candor, there have not been that many days that I have not been feeling well enough to come to school. I would not come to school if I were ill just to protect a perfect attendance record. To be sure, there are days that I have not felt quite up to par, but I have always felt well enough to perform my school duties to my personal satisfaction.

6). DID YOU EVER HAVE A DAY WHEN YOU JUST FELT LIKE STAYING HOME INSTEAD OF DEALING WITH STUDENTS FOR A DAY?

An emphatic no to this question. Even though sometimes the dealings might not be pleasant, dealing with students, is the fun part of the job.

7). CONSIDERING YOUR 33 YEARS IN EDUCATION, HOW DO YOU FEEL ABOUT THE NEW HIGH SCHOOL AND ABOUT LEAVING TECH FOREVER?

There is naturally a great deal of sadness when we think of Technical High School being closed. For those of us who graduated from Technical High School the feeling is even more nostalgic. However, we cannot stand in the path of progress. The new Central High School will have modern facilities, new programs, and the most up to date educational advantages, and I am sure that this will enhance and inspire the educational goals of the students of Springfield.

I am sure that I speak for all the teachers and student body when I say that Technical High School will always have a warm spot in our hearts. We can be proud of our excellent programs, our spirit, our pride and our family-like relationship. Our philosophy of attempting to meet the needs of all students, regardless of their academic background or their ability, will be something that I will always look back on with pride.

For those that will be attending the new school, I am sure that your spirit, your sense of cooperation, your rapport with staff, your pride, and much of your curriculum go with you to the new school. May I take this opportunity to wish you sincere good luck.

# I'LL GO TO YOUR SCHOOL . . .

Tracy Davis, a junior at Technical High School, is one of the many students who attend Classical to take a course that is not offered here.

The course Tracy takes is Spanish 2A. Although it is offered here, because of a program conflict she has to take Spanish over at Classical.

Spanish 2 is offered here periods 1 and 5, but since Tracy has Honors classes it is impossible for her to take Spanish during those periods. First period she has Honors Math and fifth period is a double period.

When asked how the students at Classical react to her being a Tech student, Tracy said, "Most of the students don't mind a Tech student attending their school since some of them attend Tech for courses. Some of them like to joke around when the time comes for Tech to compete against their school in sports activities."

Tracy said the weather doesn't really bother her unless it is freezing cold or raining. If the weather is nice, she doesn't mind walking back and forth to Classical.

... AND I'LL GO TO YOURS.

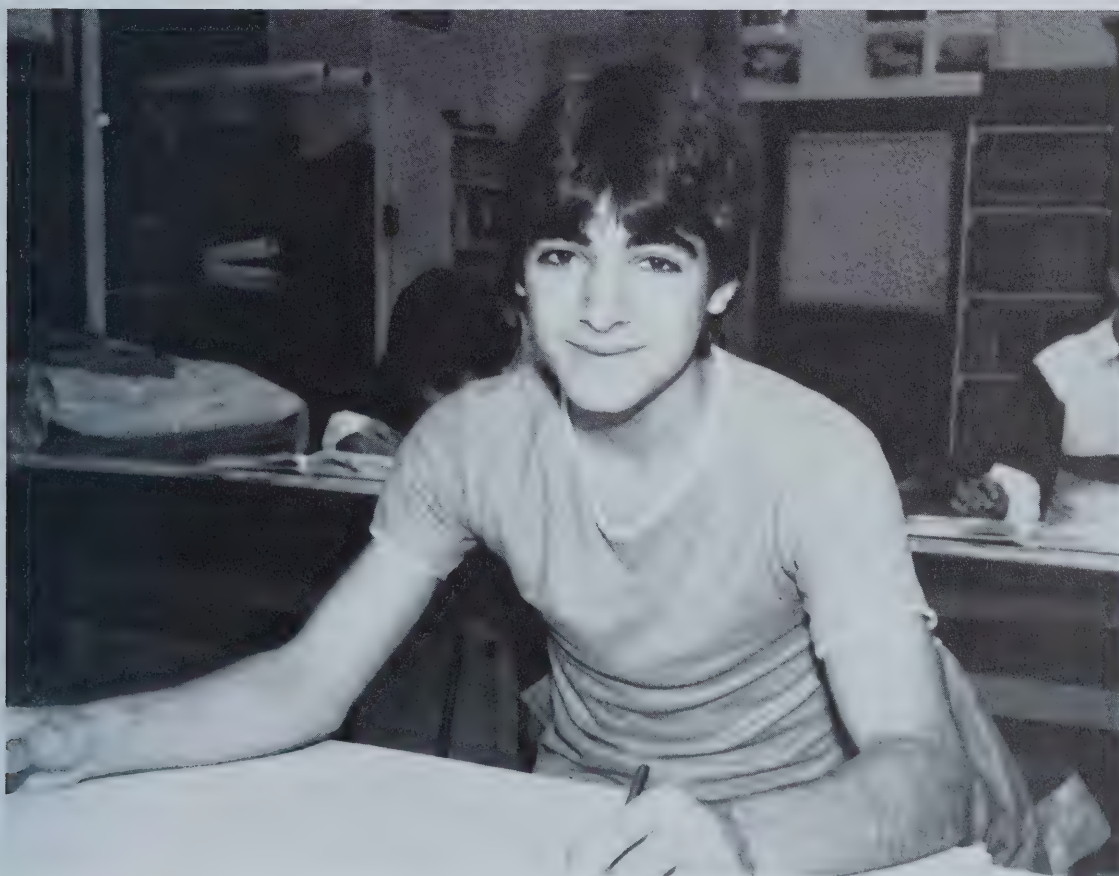

Mark Manoogian, a Classical senior, has been taking three courses at Technical High School. They are Architectural Drafting, Wood, and Pre-Electronics. This is his first year at Tech under this program.

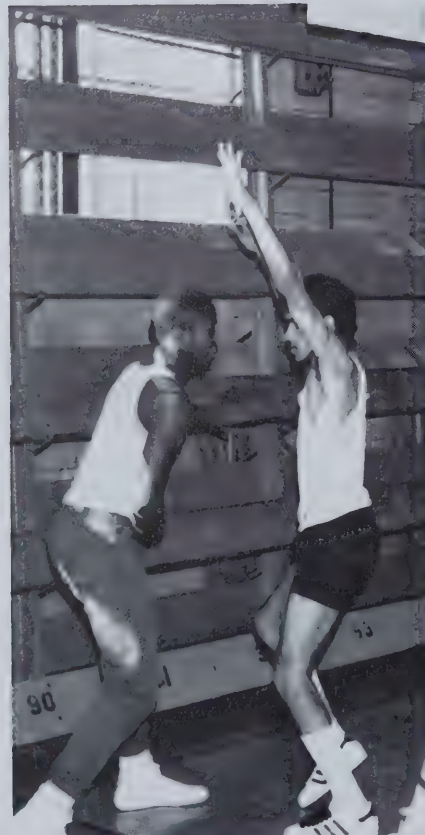

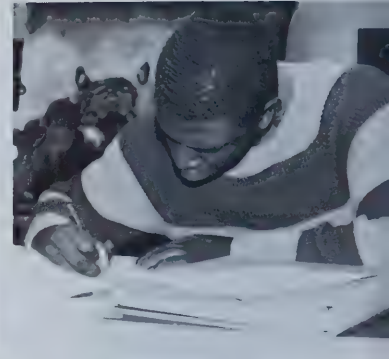

He is undecided as to what he would like to study in college. The reason why he is involved in this program is because he is interested in heat/air conditioning. The courses needed for this type of work are electronics, Wood, and Drafting.

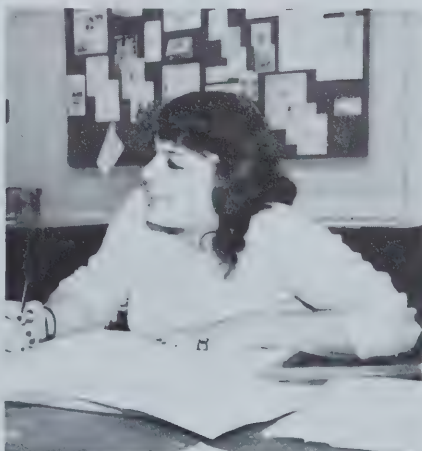

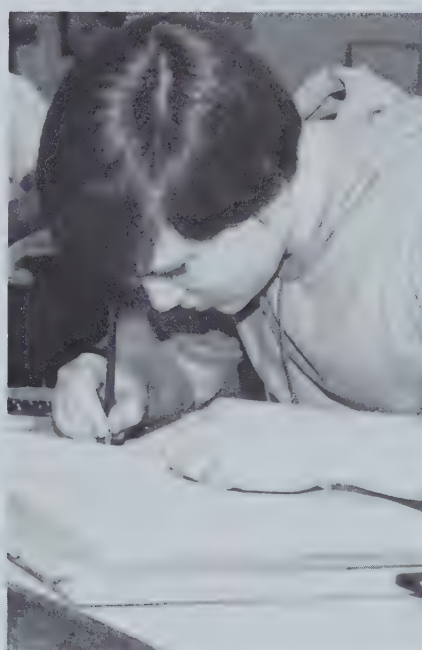

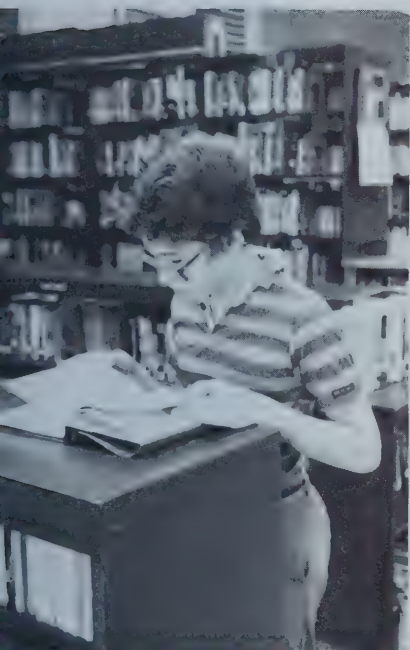

When asked if he liked the program that is offered here at Tech, he answered that he liked wood shop with Mr. Sarkis. He feels that Pre-Electronics with Mr. Hough is hard, but he enjoys the challenge. He likes coming to Tech for his three courses, but would prefer if the courses were offered at Classical.
